Subject: Fund ObamaCare and Planned Parenthood?

Dear Friend,

As soon as TODAY, the House of Representatives is going to vote on a bill to fund the government and---hold on to your hat---**it even includes funding for** Planned Parenthood, ObamaCare, and implementing the HHS mandate among other immoralities.

What is especially objectionable is that Republican Leadership hasn't committed to allowing votes on amendments to the funding bill, so that Representatives can vote on whether we should be funding ObamaCare, Planned Parenthood, and other government programs.

A "rule" for a bill must first be passed before a bill can be considered, and we believe that if the rule does not allow for an "open amendment process," Representatives should vote *against* the rule and demand an open amendment process. If you agree, [click here to contact your Representative](#) and ask them to vote NO on the rule for the government funding bill if it does not allow for amendments!

[Urgent action is needed here NOW](#), we only have a few hours before the House of

Representatives takes up the government funding bill!

Sincerely,

Alex Cortes, Executive Director
